**DECLARATION OF
BRENDAN P. GLACKIN IN SUPPORT OF
INDIRECT PURCHASER PLAINTIFFS'
MOTION FOR ATTORNEYS' FEES,
EXPENSES, AND SERVICE AWARDS**

1 I, Brendan P. Glackin, hereby declare and state as follows:

2 1. I am an attorney duly licensed to practice law in the State of California and
3 admitted to practice in this Court and the other federal courts in the State of California. I am a
4 partner at the law firm Lief Cabraser Heimann & Bernstein, LLP (“LCHB” or “Lief Cabraser”),
5 which, along with the law firms Cotchett, Pitre & McCarthy, LLP and Hagens Berman Sobol &
6 Shapiro, LLP serve as Interim Co-Lead Counsel for Indirect Purchaser Plaintiffs (“Plaintiffs”)
7 and Class Counsel for the Settlement Class in this action. The matters described herein are based
8 on my personal knowledge, and if called as a witness, I could and would testify competently
9 thereto.

10 **LCHB Staffing in this Case**

11 2. Elizabeth J. Cabraser led our representation of the class and brought her decades of
12 experience to bear on the complex high-level strategic issues this litigation posed. In that regard
13 she was supported by a team that included LCHB’s most experienced antitrust lawyers and staff.
14 I was the partner managing the day-to-day efforts in this case at LCHB, from approximately late
15 2013 onward. As such, I paid considerable attention to ensuring that each LCHB attorney on the
16 file had specific areas of focus; that there was not duplication of efforts, especially among higher
17 billers; and that projects were assigned to experienced lawyers with depth in the field who could
18 effectively and efficiently execute the phenomenal amount of work this case demanded. The core
19 team of personnel litigating this case consisted of the following. Complete biographies can be
20 found in the firm’s resume, attached hereto as **Exhibit 1**.

21 3. *Elizabeth J. Cabraser.* Ms. Cabraser has 40 years of experience representing
22 plaintiffs in complex litigation, and has served in court-appointed leadership roles in scores of
23 MDLs, most recently as Lead Counsel and Chair of the 22-member Plaintiffs Steering Committee
24 for the *In re Volkswagen “Clean Diesel” Marketing, Sales Practices, and Products Liability*
25 *Litigation*, MDL No. 2672 (N.D. Cal.). She is recognized as a pioneer and national thought
26 leader in the field of class actions, and as one of the preeminent lawyers in the country in any
27 field.

28

1 4. *Brendan Glackin.* Brendan Glackin is a senior partner in the firm’s antitrust
2 group. Mr. Glackin has taken well over twenty cases to trial, including civil antitrust matters with
3 the firm (*In re TFT-LCD (Flat Panel) Antitrust Litig.* and *Meijer, Inc. v. Abbott Labs.*) as well as
4 many criminal matters while he served as a Deputy Public Defender in Contra Costa County. He
5 teaches trial advocacy for both PLI and NITA. He has played a key role in all of the firm’s major
6 antitrust successes in the last several years—including *TFT-LCD*, *In re High-Tech Emps.*
7 *Antitrust Litig.*, and *In re Titanium Dioxide Antitrust Litig.*—three cases in which the firm
8 collectively recovered over a billion dollars for class members. He currently serves as lead
9 counsel in two antitrust class actions: *DiCesare, et al v. The Charlotte-Mecklenburg Hospital*
10 *Authority* (N.C. Bus. Ct.), and *The Hospital Authority of Metropolitan Government of Nashville*
11 *and Davidson County, Tennessee v. Momenta Pharmaceuticals, Inc. (Generic Enoxaparin)*,
12 (M.D. Tenn.). In this case, Mr. Glackin led the firm’s efforts principally with respect to
13 developing and responding to expert discovery, as well as overall supervision of every aspect of
14 the case.

15 5. *Lin. Y. Chan.* Ms. Chan is a partner in the firm’s antitrust practice group. She led
16 the firm’s effort in this case with respect to discovery and major brief-writing projects. While
17 Mr. Glackin focused on expert work, Ms. Chan focused on the merits, driving countless briefing
18 and discovery projects from meet-and-confers to major fact depositions. Ms. Chan previously
19 served on the trial teams in *Titanium Dioxide*, No. 10-CV-00318 (RDB) (D. Md.) (total recovery
20 of \$163.5 million) and *Cipro Cases I & II*, J.C.C.P. Nos. 4154 and 4220 (San Diego Super. Ct.)
21 (total recovery of \$399 million). Ms. Chan has been named a “Rising Star for Northern
22 California” since 2015. She received her J.D. from Stanford Law School in 2007 and served as
23 law clerk to Judge Damon J. Keith of the Sixth Circuit Court of Appeals from 2007 to 2008.

24 6. *Mike Sheen.* Mr. Sheen is an associate in the firm’s antitrust practice group. He
25 assisted in all aspects of this case since joining the firm in 2018, including motion practice, expert
26 discovery, and settlement approval. Mr. Sheen received his J.D. from the University of
27 California, Berkeley School of Law in 2012, and clerked for Judge Dale A. Drozd of the United
28 States District Court for the Eastern District of California.

1 7. *Karen L. Jones.* Karen Jones is a senior Staff Attorney who has been an integral
2 part of the firm's antitrust matters for over ten years. Prior to joining LCHB she served as Of
3 Counsel to The Furth Firm. Since joining LCHB, Ms. Jones has developed a specialized practice
4 in serving on and managing large foreign language document reviews in cases such as *TFT-LCD*
5 and *Lithium Ion Batteries*. Ms. Jones's knowledge of antitrust law combined with her ability to
6 read and write Japanese has made her a key part of the firm's work in electronic component price-
7 fixing cases such as this one.

8 8. *Hisun Rim.* Ms. Rim has worked closely with and under Ms. Jones and the other
9 attorneys in the practice group since 2009. As someone who speaks, reads, and writes both
10 Korean and Japanese fluently, Ms. Rim has filled a crucial need in cases such as *TFT-LCD* and
11 *Lithium Ion Batteries*. Ms. Rim's duties in this case included assisting the attorneys in
12 identifying key merits documents in foreign languages, helping oversee foreign language
13 reviewers, serving as check interpreter at foreign language depositions, and assisting with the
14 process of obtaining and checking certified translations of foreign language documents. She is a
15 certified medical interpreter and holds an M.A. in East Asian Languages and Cultures.

16 9. *Brian Troxel.* Mr. Troxel is one of the firm's most senior and experienced
17 paralegals. Brian has been a key member of the firm's antitrust practice group since 2008.
18 During that time, Mr. Troxel has been the crucial glue holding together the firm's work in major
19 matters such as *TFT-LCD*, *In re Ciprofloxacin Antitrust Litigation*, and *Lithium Ion Batteries*. In
20 *Batteries*, Mr. Troxel has had day-to-day responsibility for managing the flow of documents in
21 the case, processing discovery for uploading to the database or transmission to expert consultants,
22 and for any filings for which LCHB was the Co-Lead firm principally responsible. Any other
23 LCHB paralegals or case clerks working on the case did so only to fill urgent needs and did their
24 work under the supervision of Mr. Troxel. Mr. Troxel is recognized outside the firm as a
25 paralegal of exceptional acumen and experience. The Bar Association of San Francisco named
26 him "Paralegal of the Year" in 2016.

27 10. In addition to the foregoing, LCHB whenever necessary employed additional
28 senior lawyers, case clerks, staff attorneys and document reviewers to meet the ongoing needs of

1 this massive case. However, we were careful to keep personnel targeted to specific areas of
2 responsibility. For instance, my partner Dean Harvey, a seasoned antitrust litigator, played an
3 important role in opposing Toshiba's summary judgment motion and in the initial retention of
4 experts. But he did not attend meetings or calls or do other tangential work relating to projects he
5 was not assigned, avoiding any duplication of effort with the attorneys who had those tasks.
6 These other key team members included the following.

7 11. *Richard M. Heimann*. Mr. Heimann is a senior partner of Lief Cabraser, Chair of
8 the firm's Securities and Financial Fraud practice, and possesses more than 30 years of trial
9 experience. He is one of the nation's most successful trial lawyers in complex civil litigation.
10 Mr. Heimann served as co-lead counsel and trial counsel in one of the nation's largest Sherman
11 Act antitrust class actions, *In re TFT-LCD (Flat Panel) Antitrust Litigation*, MDL No. 1827 (N.D.
12 Cal.).

13 12. *Eric Fastiff*. The Chair of Lief Cabraser's Antitrust and Intellectual Property
14 Practice Group, Eric B. Fastiff has practiced antitrust and commercial litigation for the past 18
15 years, working on numerous cases involving the food, technology, finance, home furnishing,
16 natural resources, and music industries. He also represents businesses in commercial disputes
17 with their suppliers and competitors. Mr. Fastiff has played a lead role in countless cases, most
18 recently *In re Ciprofloxacin*, in which the firm and co-lead counsel recovered \$399 million for a
19 class of California end-payors.

20 13. *Dean M. Harvey*. Mr. Harvey is a partner in the firm's antitrust practice group. In
21 2017, Mr. Harvey was recognized as a "Top 40 Under 40" lawyer in California by the Daily
22 Journal, explaining that he was "instrumental in the launch of the most significant antitrust
23 employment case in recent history"—the *High-Tech Employee Antitrust Litigation*—a case
24 "widely recognized as a legal and public policy breakthrough." In 2016, Mr. Harvey received a
25 California Lawyer Attorney of the Year Award for *In re Cipro Cases I & II*, 61 Cal. 4th 116
26 (2015), a landmark ruling by the California Supreme Court on improper patent settlements
27 between brand and generic drug companies.

28 14. *Marc Pilotin*. Mr. Pilotin was an associate in the firm's antitrust practice group

1 from 2011 to 2015. He was integral to the initial case investigation, drafting of the complaint,
2 and early discovery efforts, including document review and depositions, as well as brief writing.
3 Mr. Pilotin received his J.D. from the University of California, Berkeley School of Law and
4 clerked for Judge Claudia Wilken of the United States District Court for the Northern District of
5 California.

6 15. *Abbye Klamann*. Ms. Klamann was an associate in the firm's antitrust practice
7 group. She has assisted in all aspects of this case after joining the firm in 2016, including
8 managing document review, taking depositions, and briefing projects. Ms. Klamann received her
9 J.D. from the University of Michigan Law School in 2016.

10 16. *Cameron Saunders*. Ms. Saunders is a Staff Attorney with the firm who handled
11 document review. She reviewed and coded documents, as well as drafted memoranda regarding
12 potential deponents. Ms. Saunders as worked on numerous matters with our firm, including *In re*
13 *Volkswagen "Clean Diesel" Mktg., Sales Practices, & Prods. Liab. Litig.*, MDL No. 2672 CRB
14 (JSC) (N.D. Cal.), *Ossola v. Am. Express Co.*, No. 1:13-CV-4836 (N.D. Ill.), and *Biotechnology*
15 *Value Fund v. Celera Corp.*, No. CV-13-3248-WHA-DMR (N.D. Cal.). She received her J.D.
16 from Golden Gate University School of Law in 2006.

17 17. *Anthony Grant*. Mr. Grant is a member of the firm's litigation support staff. Mr.
18 Grant aided the team in processing and hosting ESI productions.

19 18. *Tracy Lee*. Ms. Lee was a Korean and Japanese language document reviewer for
20 the firm from September 2014 to August 2015. Ms. Lee received her J.D. from the Benjamin N.
21 Cardozo School of Law. She is a document review specialist with a B.A. in Japanese from the
22 University of California Los Angeles. In August 2015, the firm determined that it no longer
23 needed her services for LCHB projects, and she became a contract employee of Cotchett, Pitre &
24 McCarthy, LLP to preserve her institutional knowledge about the case and foreign language
25 abilities. The time submitted with my declaration for Ms. Lee only includes her work during the
26 period of her employment with LCHB.¹

The Time Invested By LCHB

19. Below I describe our firm's timekeeping and what we have submitted to the Court.

20. Attached hereto as **Exhibit 2** is a true and correct summary by individual of the hours, billing rate, and lodestar for each biller's work on this matter between March 1, 2017 and March 11, 2019, inclusive. During this period of time, the firm expended **6,266.10 hours** on this matter, with work still continuing. Calculated at current rates and taking into consideration the foregoing rate caps and excluded time, for purposes of the cross-check, the lodestar invested in the case by LCHB during this period comes to **\$3,043,008.00**.

21. The rates set forth in Exhibit 2 are my firm's current billing rates. Our rate structure has been paid to our firm by hourly-paying clients. In addition, our rate structure has been approved by numerous courts. *See, e.g., In re Volkswagen "Clean Diesel" Mktg., Sales Practices, & Prod. Liab. Litig.*, No. 2672 CRB (JSC), 2017 WL 1047834, at *5 (N.D. Cal. Mar. 17, 2017); *In re Bank of Am. Credit Prot. Mktg. & Sales Practices Litig.*, No. 11-MD-2269 TEH, 2013 WL 174056 (N.D. Cal. Jan. 16, 2013); *Brazil v. Dell Inc.*, No. C-07-01700 RMW, 2012 WL 1144303, at *1 (N.D. Cal. Apr. 4, 2012); *White v. Experian Info. Sols., Inc.*, No. SACV 05-1070 DOC, 2011 WL 2971957, at *3 (C.D. Cal. July 15, 2011); *Lonardo v. Travelers Indem. Co.*, 706 F. Supp. 2d 766, 793-94 (N.D. Ohio 2010); *Pelletz v. Weyerhaeuser Co.*, 592 F. Supp. 2d 1322, 1326-27 (W.D. Wash. 2009); *Grays Harbor Adventist Christian Sch. v. Carrier Corp.*, No. 05-05437 RBL, 2008 WL 1901988, at *3 (W.D. Wash. Apr. 24, 2008); *Fleming v. Kemper Nat. Servs., Inc.*, 373 F. Supp. 2d 1000, 1012 (N.D. Cal. 2005). The rates for most of the primary timekeepers in this matter were approved in *In re Cipro Cases I and II. Order Granting Pls.' Mot. for Attorneys' Fees, Reimbursement of Costs, & Incentive Awards, In re Cipro Cases I & II*, J.C.C.P. Nos. 4154 and 4220 (San Diego Super. Ct. Apr. 21, 2017). The recent past rates for many of these timekeepers were also approved by Judge Koh in *In re High-Tech Employee Antitrust Litig.*, No. 11-CV-02509-LHK, 2015 WL 5158730, at *9 (N.D. Cal. Sept. 2, 2015),² and Saunders were contract attorneys until being promoted to staff attorneys part way through the case.

² *See also id.* ("Having reviewed the billing rates for the attorneys, paralegals, and litigation support staff at each of the firms representing Plaintiffs in this case, the Court finds that these

2 149692 (N.D. Cal. Jan. 14, 2013).

3 22. I have personal knowledge of the hourly rates charged by other attorneys with
4 comparable experience as well as the attorneys within the firm who worked on this matter. Based
5 on that information, I believe that these rates are fully consistent with the market rate in the San
6 Francisco Bay Area for attorneys with comparable expertise, experience, and qualifications, and
7 that they are comparable to rates of attorneys specializing in complex litigation around the
8 country. Based on the information I have, I believe that the rates charged by LCHB are
9 reasonable and appropriate fees for those with comparable expertise, experience, and
10 qualifications.

11 23. In accordance with the Court's pre-trial order, rates for pure document review
12 were capped at \$450/hour (foreign language) and \$350/hour (English language). *See* ECF No.
13 202.

14 24. Attached hereto as **Exhibit 3** is a true and correct complete time detail for the
15 work performed in this case for the period between March 1, 2017 and March 11, 2019, inclusive.
16 This reflects time recorded contemporaneously for work completed, consistent with LCHB's
17 *Firm Policy Manual* "Time-Keeping Policy" that requires timekeepers to keep time sheets on a
18 daily basis, and to submit them by the close of each business week. LCHB's accounting
19 department runs a regular time report that lists timekeepers without time in the system for any
20 given week. Kelly M. Dermody, managing partner of the San Francisco office of the firm,
21 receives that report and personally follows up with tardy attorney timekeepers, and instructs staff
22 managers to follow up with any tardy staff. The firm does not abide late timekeeping, and we
23 advise employees, "Failure to comply with the Firm's timekeeping policy may be taken into
24 account in connection with promotions, raises, and bonuses, and may subject the delinquent
25
26 rates are reasonably in light of prevailing market rates in this district and that counsel for
27 Plaintiffs have submitted adequate documentation justifying those rates."). In both *High-Tech*
28 and *Cipro* the courts reviewed and approved the rates of partners Richard M. Heimann, Eric B.
Fastiff, Brendan P. Glackin and Dean M. Harvey. In *Cipro*, the court reviewed and approved the
rate of Ms. Chan as well.

1 timekeeper to discipline, up to and including termination.”

2 25. Redactions have been made where necessary to protect attorney-client privilege,
3 the names of class members, documents or filings that are confidential and under seal,
4 confidential settlement matters, or other undisclosed work product (such as consultation with a
5 non-testifying expert or an internal research project). Lin Y. Chan, Mike Sheen, and I personally
6 audited this time to comply with the Court’s pre-trial order on timekeeping and to remove
7 duplicative or otherwise non-compensable entries.

8 26. Attached hereto as **Exhibit 4** is a true and correct summary of my firm’s billing
9 rates for the period between June 1, 2013 and February 28, 2017, inclusive. During that period,
10 the firm expended **21,152.60 hours** on this matter, resulting in a lodestar of **\$8,838,260.50** (using
11 rates that were current as of February 28, 2017). Exhibit 4 is identical to the time summary
12 previously submitted in support of Plaintiffs’ Motion for Attorneys’ Fees, Reimbursement of
13 Expenses and Service Awards, filed on May 26, 2017. *See* ECF No. 1811-2.

14 27. Attached hereto as **Exhibit 5** is the true and correct complete time detail for the
15 work performed in this case for the period between June 1, 2013 and February 28, 2017,
16 inclusive. Exhibit 5 is identical to the time detail previously submitted in support of Plaintiffs’
17 Motion for Attorneys’ Fees, Reimbursement of Expenses and Service Awards, filed on May 26,
18 2017. *See* ECF No. 1811-3.

19 28. In total, the lodestar invested in the case by LCHB, over the course of the entire
20 litigation, comes to **\$11,881,268.50**, which represents **27,418.70 hours** of work expended on this
21 matter.

22 **Litigation Expenses**

23 29. In addition to expenses incurred through the litigation fund in this case, which are
24 detailed separately in Class Counsel’s joint declaration, submitted concurrently herewith, LCHB
25 incurred its own expenses for which it seeks reimbursement in this motion.

26 30. Attached hereto as **Exhibit 6** is a true and correct summary of litigation costs and
27 expenses for which LCHB requests reimbursement. In total, LCHB requests reimbursement in
28

1 the amount of **\$247,212.80**. These expenses were incurred on behalf of Plaintiffs by LCHB on a
2 contingent basis and have not been reimbursed. The expenses reflected in Exhibit 6 were
3 prepared from expense vouchers, receipts, and bank records, and therefore represent an accurate
4 recordation of the expenses incurred.

5 31. Attached hereto as **Exhibit 7** is a true and correct copy of an invoice associated
6 with experts and consultants, as reflected in the summary in Exhibit 6.

7 **The Risk and Complexity Involved in the Litigation**

8 32. Class Counsel prosecuted this action without any assurance of payment for their
9 services, litigating this case on a wholly contingent basis in the face of significant risk. Large-
10 scale antitrust cases of this type are, by their very nature, complicated and time-consuming. Any
11 lawyer representing large numbers of affected consumers in such actions inevitably must be
12 prepared to make a tremendous investment of time, energy, and resources.

13 I declare under penalty of perjury under the laws of the United States and the State of
14 California that the foregoing is true and correct to the best of my knowledge and that this
15 declaration was executed in San Francisco, California on April 23, 2019.

We have a diversified practice, successfully representing plaintiffs in the fields of personal injury and mass torts, securities and financial fraud, employment discrimination and unlawful employment practices, product defect, consumer protection, antitrust and intellectual property, environmental and toxic exposures, False Claims Act, digital privacy and data security, and human rights. Our clients include individuals, classes and groups of people, businesses, and public and private entities.

Lieff Cabraser has served as Court-appointed Plaintiffs' Lead or Class Counsel in state and federal coordinated, multi-district, and complex litigation throughout the United States. With co-counsel, we have represented clients across the globe in cases filed in American courts. Lieff Cabraser is among the largest firms in the United States that only represent plaintiffs.

Described by *The American Lawyer* as "one of the nation's premier plaintiffs' firms," Lieff Cabraser enjoys a national reputation for professional integrity and the successful prosecution of our clients' claims. We possess sophisticated legal skills and the financial resources necessary for the handling of large, complex cases, and for litigating against some of the nation's largest corporations. We take great pride in the leadership roles our firm plays in many of this country's major cases, including those resulting in landmark decisions and precedent-setting rulings.

Lieff Cabraser has litigated and resolved thousands of individual lawsuits and hundreds of class and group actions, including some of the most important civil cases in the United States over the past four decades. In 2016, *Benchmark Litigation* named Lieff Cabraser to its "Top 10 Plaintiff Firms in America" list, *The National Law Journal* chose our firm as one of nine "Elite Trial Lawyers" nationwide, and *Law360* selected Lieff Cabraser as one of the "Top 50 Law Firms Nationwide for Litigation." The publication separately noted that our firm "persists as a formidable agency of change, producing world class legal work against some of the most powerful corporate players in the world today."

CASE PROFILES:

Antitrust/Trade Regulation/Intellectual Property

A. Current Cases

1. ***In Re: Railway Industry Employee No-Poach Antitrust Litigation***, MDL No. 2850 (W.D. Pa.). Lieff Cabraser partner Dean M. Harvey serves as Co-Lead Counsel for plaintiffs in the aggregate "no-poach" employee antitrust litigation against rail equipment companies Knorr-Bremse and Wabtec Railway Electronics. Four groups competed for selection as lead counsel for the plaintiffs, with Lieff Cabraser standing

out because of our prior experience and success in no-poach cases, including our firm's proven ability to combine employment and antitrust lawyers to bring a unique concentration of legal acumen and multidimensional approaches to the case. Twenty-one separate antitrust actions were filed alleging these companies illegally agreed not to hire each other's employees. Such improper "no-poach" agreements, intended to restrict employee mobility and artificially depress employee salaries for the benefit of the companies, are facing increasing scrutiny from the U.S. Department of Justice as well as private plaintiffs.

2. ***Charles Schwab Bank, N.A. v. Bank of America Corp.***, MDL No. 2262 (N.D. Cal.). Lief Cabraser serves as counsel for The Charles Schwab Corporation and several of The Charles Schwab Family of Funds and the Bay Area Toll Authority ("BATA") in individual lawsuits against Bank of America Corporation, Credit Suisse Group AG, J.P. Morgan Chase & Co., Citibank, Inc., and additional banks for allegedly manipulating the London Interbank Offered Rate ("LIBOR").

The complaints allege that beginning in 2007, the defendants conspired to understate their true costs of borrowing, causing the calculation of LIBOR to be set artificially low. As a result, Schwab, the Schwab Fund Series, and BATA received less than their rightful rates of return on their LIBOR-based investments. The complaints assert claims under federal and state law, including the Sherman Act and the statutory and common law of California. The cases are pending.

3. ***In Re: Generic Pharmaceuticals Pricing Antitrust Litigation***, MDL No. 2724 (E.D. Pa.). Beginning in February 2015, Lief Cabraser conducted an extensive investigation into dramatic price increases of certain generic prescription drugs. Lief Cabraser worked alongside economists and industry experts and interviewed industry participants to evaluate possible misconduct.

In December of 2016, Lief Cabraser, with co-counsel, filed the first case alleging price-fixing of Levothyroxine, the primary treatment for hypothyroidism, among the most widely prescribed drugs in the world. Lief Cabraser also played a significant role in similar litigation over the drug Propranolol, and the drug Clomipramine. These cases, and other similar cases, were consolidated and transferred to the Eastern District of Pennsylvania as *In Re: Generic Pharmaceuticals Pricing Antitrust Litigation*, MDL No. 2724. Lief Cabraser is a member of the End-Payer Plaintiffs' Steering Committee.

4. ***In re Lithium-Ion Batteries Antitrust Litigation***, MDL No. 2420 (N.D. Cal.). Lief Cabraser serves as Interim Co-Lead Indirect Purchaser Counsel representing consumers in a class action filed against LG, GS Yuasa, NEC, Sony, Sanyo, Panasonic, Hitachi, LG Chem, Samsung,

Toshiba, and Sanyo for allegedly conspiring from 2002 to 2011 to fix and raise the prices of lithium-ion rechargeable batteries. The defendants are the world's leading manufacturers of lithium-ion rechargeable batteries, which provide power for a wide variety of consumer electronic products. As a result of the defendants' alleged anticompetitive and unlawful conduct, consumers across the U.S. paid artificially inflated prices for lithium-ion rechargeable batteries. In late 2014, the Court denied in large part defendants' motion to dismiss. Indirect Purchasers have settled with Hitachi, LG Chem, NEC Corp., and Sony for a combined total of \$64.45 million. Indirect Purchasers have moved for class certification, which is currently pending before the court.

5. ***In re Restasis Antitrust Litigation***, MDL No. 2819 (pending). Lieff Cabraser serves as interim co-lead counsel for indirect purchasers (i.e., consumers) of Restasis, a blockbuster drug used to treat dry-eye disease, in a case alleging a broad-based and ongoing anticompetitive scheme by pharmaceutical giant Allergan, Inc. ("Allergan"). The alleged scheme's goal was and is to maintain Allergan's monopoly. Lieff Cabraser, together with co-counsel, filed the first two class actions on behalf of indirect purchasers.

The complaints allege that Allergan (1) fraudulently procured patents it knew were invalid, (2) caused those invalid patents to be listed in the FDA's "Orange Book" as being applicable to Restasis, (3) used the improper Orange Book listings as grounds for filing baseless patent-infringement litigation, (4) abused the FDA's "citizen petition" process, and (5) used a "sham" transfer of the invalid patents to the Saint Regis Mohawk Tribe to obtain tribal sovereign immunity and protect the patents from challenge. This alleged scheme of government petitioning delayed competition from generic equivalents to Restasis that would have been just as safe and cheaper for consumers.

The complaints assert claims under federal and state law, including the Sherman Act and the statutory and common law of numerous states. Several similar lawsuits have since been filed, and the Judicial Panel on Multidistrict Litigation has granted Lieff Cabraser's motion to centralize all cases for pretrial proceedings in the Eastern District of New York before the Hon. Nina Gershon.

6. ***Nashville General v. Momenta Pharmaceuticals, et al.***, No. 3:15-cv-01100 (M.D. Tenn.). Lieff Cabraser represents Nashville General Hospital (the Hospital Authority of Metropolitan Government of Nashville) and American Federation of State, County and Municipal Employees District Council 37 Health & Security Plan in a proposed class-action antitrust case against defendants Momenta Pharmaceuticals and

Sandoz, Inc., for their alleged price-fixing of enoxaparin, the generic version of the anti-coagulant blood clotting drug Lovenox.

Lovenox, developed by Sanofi-Aventis, is a highly profitable drug with annual sales of more than \$1 billion. The drug entered the market in 1995 and its patent was invalidated by the federal government in 2008, making generic production possible. The complaint alleges Momenta and Sandoz colluded to manipulate the process by which the federal government allows drugs to become generic in order to ensure that defendants were the only producers of generic enoxaparin, thereby restraining trade and disrupting the market at consumers' expense.

Plaintiffs filed an amended complaint in December 2017. Discovery is ongoing.

7. ***In re Capacitors Antitrust Litigation***, No. 3:14-cv-03264 (N.D. Cal.). Lief Cabraser is a member of the Plaintiffs' Steering Committee representing indirect purchasers in an electrolytic and film price-fixing class action lawsuit filed against the world's largest manufacturers of capacitors, used to store and regulate current in electronic circuits and computers, phones, appliances, and cameras worldwide. The defendants include Panasonic Corp., Elna Co. Ltd., Hitachi Chemical Co., Ltd., Nitsuko Electronics Corp., NEC Tokin Corp., SANYO Electric Co., Ltd., Matsuo Electric Co., Okaya Electric Industries Co., Nippon Chemi-con Corp., Nichicon Corp., Rubycon Corp., Taitso Corp., and Toshin Kogyo Co., Ltd. Lief Cabraser has played a central role in discovery efforts, and assisted in opposing Defendants' motions to dismiss and in opposing Defendants' motions for summary judgment.

Settlements with defendants NEC Tokin Corp., Nitsuko Electronics Corp., and Okaya Electric Industries Co., Ltd. have received final approval, and a settlement with Hitachi Chemical and Soshin Electric Co., Ltd. has received preliminary approval. Discovery continues with respect to the remaining defendants.

8. ***In re Disposable Contact Lens Antitrust Litigation***, MDL No. 2626 (M.D. Fla.). Lief Cabraser represents consumers who purchased disposable contact lenses manufactured by Alcon Laboratories, Inc., Johnson & Johnson Vision Care, Inc., Bausch + Lomb, and Cooper Vision, Inc. The complaint challenges the use by contact lens manufacturers of minimum resale price maintenance agreements with independent eye care professionals (including optometrists and ophthalmologists) and wholesalers. These agreements, the complaint alleges, operate to raise retail prices and eliminate price competition and discounts on contact lenses, including from "big box" retail stores, discount buying clubs, and online retailers. As a result, the consumers across the United States have paid artificially inflated prices.

9. ***In re Domestic Airline Travel Antitrust Litigation***, 1:15-mc-01404 (District of Columbia). Lief Cabraser represents consumers in a class action lawsuit against the four largest U.S. airline carriers: American Airlines, Delta Air, Southwest, and United. These airlines collectively account for over 80 percent of all domestic airline travel. The complaint alleges that for years the airlines colluded to restrain capacity, eliminate competition in the market, and increase the price of domestic airline fares in violation of U.S. antitrust law. The proposed class consists of all persons and entities who purchased domestic airline tickets directly from one or more defendants from July 2, 2011 to the present. In February 2016, Judge Kollar-Kotelly appointed Lief Cabraser to the three-member Plaintiffs' Executive Committee overseeing this multidistrict airline price-fixing litigation. Defendants filed a motion to dismiss, which was denied in October 2016. Subsequently, a settlement with Southwest Airlines was granted preliminary approval. Discovery as to the remaining defendants is underway.

10. ***Seaman v. Duke University***, No. 1:15-cv-00462 (M.D. N.C.). Lief Cabraser represents Dr. Danielle M. Seaman in a class action lawsuit against Duke University; Duke University Health System; and Dr. William L. Roper in his official capacity as Dean and Vice-Chancellor of Medical Affairs for University of North Carolina at Chapel Hill School of Medicine. The complaint charges that Duke and UNC entered into an express, secret agreement not to hire or attempt to hire certain medical faculty and staff that they each employed. The lawsuit seeks to recover damages and obtain injunctive relief, including treble damages, for defendants' alleged violations of federal and North Carolina antitrust law.

In February 2016, Judge Eagles denied defendants' motions to dismiss the case on a variety of grounds, including a denial of state action immunity to antitrust liability. The Court rejected Defendants' argument that they should be exempt from the nation's antitrust laws because Dr. Roper, an alleged co-conspirator, is an administrator of a state university and health system. Defendants sought permission to appeal from the Fourth Circuit Court of Appeals. In June 2016, a unanimous three-judge panel denied the request.

On January 5, 2018, Judge Eagles granted final approval to a partial settlement of antitrust class action claims against Duke University, UNC, and other related parties. The partial settlement implements a variety of measures by the UNC Defendants to ensure that they will not enter into or enforce any unlawful no-hire agreements or similar restraints on competition. The settlement also requires the UNC Defendants to cooperate in providing documents, data and testimony to Dr. Seaman as she continues to pursue her case against the Duke Defendants.

On February 1, 2018, Judge Eagles issued an order certifying a faculty class in the antitrust class action lawsuit against Duke University, UNC, and other related parties over their alleged agreement not to compete for certain of each other's employees. The case is ongoing.

B. Successes

1. ***In re High-Tech Employee Antitrust Litigation***, No. 11 CV 2509 (N.D. Cal.). Lieff Cabraser served as Co-Lead Class Counsel in a consolidated class action charging that Adobe Systems Inc., Apple Inc., Google Inc., Intel Corporation, Intuit Inc., Lucasfilm Ltd., and Pixar violated antitrust laws by conspiring to suppress the pay of technical, creative, and other salaried employees. The complaint alleged that the conspiracy among defendants restricted recruiting of each other's employees. On October 24, 2013, U.S. District Court Judge Lucy H. Koh certified a class of approximately 64,000 persons who worked in Defendants' technical, creative, and/or research and development jobs from 2005-2009. On September 2, 2015, the Court approved a \$415 million settlement with Apple, Google, Intel, and Adobe. Earlier, on May 15, 2014, the Court approved partial settlements totaling \$20 million resolving claims against Intuit, Lucasfilm, and Pixar. The *Daily Journal* described the case as the "most significant antitrust employment case in recent history," adding that it "has been widely recognized as a legal and public policy breakthrough."
2. ***Cipro Cases I and II***, JCCP Nos. 4154 and 4220 (Cal. Supr. Ct.). Lieff Cabraser represented California consumers and third party payors in a class action lawsuit filed in California state court charging that Bayer Corporation, Barr Laboratories, and other generic prescription drug manufacturers conspired to restrain competition in the sale of Bayer's blockbuster antibiotic drug Ciprofloxacin, sold as Cipro. Between 1997 and 2003, Bayer paid its would-be generic drug competitors nearly \$400 million to refrain from selling more affordable versions of Cipro. As a result, consumers were forced to pay inflated prices for the drug -- frequently prescribed to treat urinary tract, prostate, abdominal, and other infections.

The Trial Court granted defendants' motion for summary judgment, which the Appellate Court affirmed in October 2011. Plaintiffs sought review before the California Supreme Court and were successful. Following briefing, the case was stayed pending the U.S. Supreme Court's decision in *FTC v. Actavis*. After the U.S. Supreme Court in *Actavis* overturned the Appellate Court's ruling that pay-for-delay deals in the pharmaceutical industry are generally legal, plaintiffs and Bayer entered into settlement negotiations. In November 2013, the Trial Court approved a \$74 million settlement with Bayer.

On May 7, 2015, the California Supreme Court reversed the grant of summary judgment to Defendants and resoundingly endorsed the rights of consumers to challenge pharmaceutical pay-for-delay settlements under California competition law. The Court held that “[p]arties illegally restrain trade when they privately agree to substitute consensual monopoly in place of potential competition.”

Additional settlements were reached with the remaining defendants, bringing total settlements to \$399 million (exceeding plaintiffs’ damages estimate by approximately \$68 million), a result the Trial Court described as “extraordinary.” The Trial Court granted final approval on April 21, 2017, adding that it was “not aware of any case” that “has taken roughly 17 years,” where, net of fees, end-payor “claimants will get basically 100 cents on the dollar[.]”

Some objectors are appealing the settlements. Objectors and their counsel objected to part of the settlement notice and to the attorneys’ fees. As of early 2018, the appeals are slowly progressing.

In 2017, the American Antitrust Institute honored Loeff Cabraser’s *Cipro* team with its Outstanding Private Practice Antitrust Achievement Award for their extraordinary work on the *Cipro* price-fixing and exclusionary drug-pricing agreements case. In addition, their work on the *Cipro* case led Loeff Cabraser attorneys Eric B. Fastiff, Brendan P. Glackin, and Dean M. Harvey to recognition by *California Lawyer* and the *Daily Journal* with the 2016 California Lawyer of the Year Award.

3. ***In re Municipal Derivatives Litigation***, MDL No. 1950 (S.D.N.Y.). Loeff Cabraser represented the City of Oakland, the County of Alameda, City of Fresno, Fresno County Financing Authority, and East Bay Delta Housing and Finance Agency in a class action lawsuit brought on behalf of themselves and other California entities that purchased guaranteed investment contracts, swaps, and other municipal derivatives products from Bank of America, N.A., JP Morgan Chase & Co., Piper Jaffray & Co., Societe Generale SA, UBS AG, and other banks, brokers and financial institutions. The complaint charged that Defendants conspired to give cities, counties, school districts, and other governmental agencies artificially low bids for guaranteed investment contracts, swaps, and other municipal derivatives products, which are used by public entities to earn interest on bond proceeds.

The complaint further charged that Defendants met secretly to discuss prices, customers, and markets of municipal derivatives sold in the U.S. and elsewhere; intentionally created the false appearance of competition by engaging in sham auctions in which the results were pre-determined or agreed not to bid on contracts; and covertly shared their unjust profits with losing bidders to maintain the conspiracy.

4. ***Natural Gas Antitrust Cases***, JCCP Nos. 4221, 4224, 4226 & 4228 (Cal. Supr. Ct.). In 2003, the Court approved a landmark of \$1.1 billion settlement in class action litigation against El Paso Natural Gas Co. for manipulating the market for natural gas pipeline transmission capacity into California. Lief Cabraser served as Plaintiffs' Co-Lead Counsel and Co-Liaison Counsel in the *Natural Gas Antitrust Cases I-IV*.

In June 2007, the Court granted final approval to a \$67.39 million settlement of a series of class action lawsuits brought by California business and residential consumers of natural gas against a group of natural gas suppliers, Reliant Energy Services, Inc., Duke Energy Trading and Marketing LLC, CMS Energy Resources Management Company, and Aquila Merchant Services, Inc.

Plaintiffs charged defendants with manipulating the price of natural gas in California during the California energy crisis of 2000-2001 by a variety of means, including falsely reporting the prices and quantities of natural gas transactions to trade publications, which compiled daily and monthly natural gas price indices; prearranged wash trading; and, in the case of Reliant, "churning" on the Enron Online electronic trading platform, which was facilitated by a secret netting agreement between Reliant and Enron.

The 2007 settlement followed a settlement reached in 2006 for \$92 million partial settlement with Coral Energy Resources, L.P.; Dynegy Inc. and affiliates; EnCana Corporation; WD Energy Services, Inc.; and The Williams Companies, Inc. and affiliates.

5. ***In the Matter of the Arbitration between CopyTele and AU Optronics***, Case No. 50 117 T 009883 13 (Internat'l Centre for Dispute Resolution). Lief Cabraser successfully represented CopyTele, Inc. in a commercial dispute involving intellectual property. In 2011, CopyTele entered into an agreement with AU Optronics ("AUO") under which both companies would jointly develop two groups of products incorporating CopyTele's patented display technologies. CopyTele charged that AUO never had any intention of jointly developing the CopyTele technologies, and instead used the agreements to fraudulently obtain and transfer licenses of CopyTele's patented technologies. The case required the review of thousands of pages of documents in Chinese and in English culminating in a two week arbitration hearing. In December 2014, after the hearing, the parties resolved the matter, with CopyTele receiving \$9 million.
6. ***Wholesale Electricity Antitrust Cases I & II***, JCCP Nos. 4204 & 4205 (Cal. Supr. Ct.). Lief Cabraser served as Co-Lead Counsel in the private class action litigation against Duke Energy Trading & Marketing, Reliant Energy, and The Williams Companies for claims that the

companies manipulated California's wholesale electricity markets during the California energy crisis of 2000-2001. Extending the landmark victories for California residential and business consumers of electricity, in September 2004, plaintiffs reached a \$206 million settlement with Duke Energy Trading & Marketing, and in August 2005, plaintiffs reached a \$460 million settlement with Reliant Energy, settling claims that the companies manipulated California's wholesale electricity markets during the California energy crisis of 2000-01. Lieff Cabraser earlier entered into a settlement for over \$400 million with The Williams Companies.

7. ***In re TFT-LCD (Flat Panel) Antitrust Litigation***, MDL No. 1827 (N.D. Cal.). Lieff Cabraser served as Court-appointed Co-Lead Counsel for direct purchasers in litigation against the world's leading manufacturers of Thin Film Transistor Liquid Crystal Displays. TFT-LCDs are used in flat-panel televisions as well as computer monitors, laptop computers, mobile phones, personal digital assistants, and other devices. Plaintiffs charged that defendants conspired to raise and fix the prices of TFT-LCD panels and certain products containing those panels for over a decade, resulting in overcharges to purchasers of those panels and products. In March 2010, the Court certified two nationwide classes of persons and entities that directly purchased TFT-LCDs from January 1, 1999 through December 31, 2006, one class of panel purchasers, and one class of buyers of laptop computers, computer monitors, and televisions that contained TFT-LCDs. Over the course of the litigation, the classes reached settlements with all defendants except Toshiba. The case against Toshiba proceeded to trial. In July 2012, the jury found that Toshiba participated in the price-fixing conspiracy. The case was subsequently settled, bringing the total settlements in the litigation to over \$470 million. For his outstanding work in the precedent-setting litigation, California Lawyer recognized Richard M. Heimann with a 2013 California Lawyer of the Year award.
8. ***Sullivan v. DB Investments***, No. 04-02819 (D. N.J.). Lieff Cabraser served as Class Counsel for consumers who purchased diamonds from 1994 through March 31, 2006, in a class action lawsuit against the De Beers group of companies. Plaintiffs charged that De Beers conspired to monopolize the sale of rough diamonds in the U.S. In May 2008, the District Court approved a \$295 million settlement for purchasers of diamonds and diamond jewelry, including \$130 million to consumers. The settlement also barred De Beers from continuing its illegal business practices and required De Beers to submit to the jurisdiction of the Court to enforce the settlement. In December 2011, the Third Circuit Court of Appeals affirmed the District Court's order approving the settlement. 667 F.3d 273 (3rd Cir. 2011).

For sixty years, De Beers has flouted U.S. antitrust laws. In 1999, De Beers' Chairman Nicholas Oppenheimer stated that De Beers "likes to think of itself as the world's . . . longest-running monopoly. [We seek] to manage the diamond market, to control supply, to manage prices and to act collusively with our partners in the business." The hard-fought litigation spanned several years and nations. Despite the tremendous resources available to the U.S. Department of Justice and state attorney generals, it was only through the determination of plaintiffs' counsel that De Beers was finally brought to justice and the rights of consumers were vindicated. Lief Cabraser attorneys played key roles in negotiating the settlement and defending it on appeal. Discussing the DeBeers case, The National Law Journal noted that Lief Cabraser was "among the plaintiffs' firms that weren't afraid to take on one of the business world's great white whales."

9. ***Haley Paint Co. v. E.I. Dupont De Nemours and Co. et al.***, No. 10-cv-00318-RDB (D. Md.). Lief Cabraser served as Co-Lead Counsel for direct purchasers of titanium dioxide in a nationwide class action lawsuit against Defendants E.I. Dupont De Nemours and Co., Huntsman International LLC, Kronos Worldwide Inc., and Cristal Global (fka Millennium Inorganic Chemicals, Inc.), alleging these corporations participated in a global cartel to fix the price of titanium dioxide. Titanium dioxide, a dry chemical powder, is the world's most widely used pigment for providing whiteness and brightness in paints, paper, plastics, and other products. Plaintiffs charged that defendants coordinated increases in the prices for titanium dioxide despite declining demand, decreasing raw material costs, and industry overcapacity.

Unlike some antitrust class actions, Plaintiffs proceeded without the benefit of any government investigation or proceeding. Plaintiffs overcame attacks on the pleadings, discovery obstacles, a rigorous class certification process that required two full rounds of briefing and expert analysis, and multiple summary judgment motions. In August 2012, the Court certified the class. Plaintiffs prepared fully for trial and achieved a settlement with the final defendant on the last business day before trial. In December 2013, the Court approved a series of settlements with defendants totaling \$163 million.

10. ***In re Lupron Marketing and Sales Practices Litigation***, MDL No. 1430 (D. Mass.). In May 2005, the Court granted final approval to a settlement of a class action lawsuit by patients, insurance companies and health and welfare benefit plans that paid for Lupron, a prescription drug used to treat prostate cancer, endometriosis and precocious puberty. The settlement requires the defendants, Abbott Laboratories, Takeda Pharmaceutical Company Limited, and TAP Pharmaceuticals, to pay \$150 million, inclusive of costs and fees, to persons or entities who paid

for Lupron from January 1, 1985 through March 31, 2005. Plaintiffs charged that the defendants conspired to overstate the drug's average wholesale price ("AWP"), which resulted in plaintiffs paying more for Lupron than they should have paid. Lieff Cabraser served as Co-Lead Plaintiffs' Counsel.

11. ***Marchbanks Truck Service v. Comdata Network***, No. 07-cv-01078 (E.D. Pa.). In July 2014, the Court approved a \$130 million settlement of a class action brought by truck stops and other retail fueling facilities that paid percentage-based transaction fees to Comdata on proprietary card transactions using Comdata's over-the-road fleet card. The complaint challenged arrangements among Comdata, its parent company Ceridian LLC, and three national truck stop chains: defendants TravelCenters of America LLC and its wholly owned subsidiaries, Pilot Travel Centers LLC and its predecessor Pilot Corporation, and Love's Travel Stops & Country Stores, Inc. The alleged anticompetitive conduct insulated Comdata from competition, enhanced its market power, and led to independent truck stops' paying artificially inflated transaction fees. In addition to the \$130 million payment, the settlement required Comdata to change certain business practices that will promote competition among payment cards used by over-the-road fleets and truckers and lead to lower merchant fees for the independent truck stops. Lieff Cabraser served as Co-Lead Class Counsel in the litigation.
12. ***California Vitamins Cases***, JCCP No. 4076 (Cal. Supr. Ct.). Lieff Cabraser served as Co-Liaison Counsel and Co-Chairman of the Plaintiffs' Executive Committee on behalf of a class of California indirect vitamin purchasers in every level of the chain of distribution. In January 2002, the Court granted final approval of a \$96 million settlement with certain vitamin manufacturers in a class action alleging that these and other manufacturers engaged in price fixing of particular vitamins. In December 2006, the Court granted final approval to over \$8.8 million in additional settlements.
13. ***In re Buspirone Antitrust Litigation***, MDL No. 1413 (S.D. N.Y.). In November 2003, Lieff Cabraser obtained a \$90 million cash settlement for individual consumers, consumer organizations, and third party payers that purchased BuSpar, a drug prescribed to alleviate symptoms of anxiety. Plaintiffs alleged that Bristol-Myers Squibb Co. (BMS), Danbury Pharmacal, Inc., Watson Pharmaceuticals, Inc. and Watson Pharma, Inc. entered into an unlawful agreement in restraint of trade under which BMS paid a potential generic manufacturer of BuSpar to drop its challenge to BMS' patent and refrain from entering the market. Lieff Cabraser served as Plaintiffs' Co-Lead Counsel.

14. ***Meijer v. Abbott Laboratories***, Case No. C 07-5985 CW (N.D. Cal.). Lief Cabraser served as co-counsel for the group of retailers charging that Abbott Laboratories monopolized the market for AIDS medicines used in conjunction with Abbott's prescription drug Norvir. These drugs, known as Protease Inhibitors, have enabled patients with HIV to fight off the disease and live longer. In January 2011, the Court denied Abbott's motion for summary judgment on plaintiffs' monopolization claim. Trial commenced in February 2011. After opening statements and the presentation of four witnesses and evidence to the jury, plaintiffs and Abbott Laboratories entered into a \$52 million settlement. The Court granted final approval to the settlement in August 2011.
15. ***In re Carpet Antitrust Litigation***, MDL No. 1075 (N.D. Ga.). Lief Cabraser served as Class Counsel and a member of the trial team for a class of direct purchasers of twenty-ounce level loop polypropylene carpet. Plaintiffs, distributors of polypropylene carpet, alleged that Defendants, seven manufacturers of polypropylene carpet, conspired to fix the prices of polypropylene carpet by agreeing to eliminate discounts and charge inflated prices on the carpet. In 2001, the Court approved a \$50 million settlement of the case.
16. ***In re Lasik/PRK Antitrust Litigation***, No. CV 772894 (Cal. Supr. Ct.). Lief Cabraser served as a member of Plaintiffs' Executive Committee in class actions brought on behalf of persons who underwent Lasik/PRK eye surgery. Plaintiffs alleged that defendants, the manufacturers of the laser system used for the laser vision correction surgery, manipulated fees charged to ophthalmologists and others who performed the surgery, and that the overcharges were passed onto consumers who paid for laser vision correction surgery. In December 2001, the Court approved a \$12.5 million settlement of the litigation.
17. ***Methionine Cases I and II***, JCCP Nos. 4090 & 4096 (Cal. Supr. Ct.). Lief Cabraser served as Co-Lead Counsel on behalf of indirect purchasers of methionine, an amino acid used primarily as a poultry and swine feed additive to enhance growth and production. Plaintiffs alleged that the companies illegally conspired to raise methionine prices to super-competitive levels. The case settled.
18. ***In re Electrical Carbon Products Antitrust Litigation***, MDL No. 1514 (D.N.J.). Lief Cabraser represented the City and County of San Francisco and a class of direct purchasers of carbon brushes and carbon collectors on claims that producers fixed the price of carbon brushes and carbon collectors in violation of the Sherman Act.
