15 action experience includes leadership positions in many multidistrict litigations including this
16 case. I have been part of teams that have recovered over \$2 billion in damages for classes and
17 individual clients.

18 5. I have frequently been appointed as lead class counsel in antitrust cases, including
19 indirect purchaser antitrust cases like this one, and have a proven track record of success in those
20 cases. Most recently, I was appointed interim co-lead counsel in *In re Qualcomm Antitrust*
21 *Litigation*, 17-MD-2773-LHK. I have also served as lead or co-lead counsel in *In re Automotive*

6. Among the other matters that I have had the privilege of handling were the representation of California Chief Justice Ronald George and the Judicial Council of California in an action brought by New York Stock Exchange and NASDAQ that alleged federal law preempted California's Ethics Rules for Neutral Arbitrators, representation of the California State Teachers' Retirement System in separate actions recovering losses suffered due to securities fraud by AOL/Time Warner and Qwest, representation of mortgage borrowers from Ameriquest challenging Ameriquest's business practices, and representation of communities in the Central Coast of California injured by pollution caused by oil field operations.

7. I serve on the Advisory Committee of the Cartel and Criminal Practice Committee of the American Bar Association. I am a Board Member of Public Justice, the California State Bar Antitrust Executive Committee, and the Golden State Antitrust Institute. I was appointed by Consumer Attorneys of California as a member of the California Discovery Subcommittee for

1 revision of California discovery rules and statutes relating to electronic discovery and
2 electronically stored information in 2007-2008. I frequently present on panels relating to the
3 topics of civil discovery and ESI guidelines.

4 8. I have been involved in all aspects of this case since it began in a day-to-day role
5 and supervising the work of our team within the firm, overseeing the work of other firms working
6 on behalf of the class, working with direct purchaser plaintiffs and direct action plaintiffs, and
7 defendants on all aspects of this case including settlements. In particular, I insured that our firm,
8 and the firms working at the direction and under the supervision of Interim Co-Lead Counsel,
9 understood and complied with the rules put in place to insure efficient and non-duplicative work.

10 **Joseph W. Cotchett**

11 9. CPM Senior Partner Joseph W. Cotchett has also been involved in this case since it
12 began, in particular providing strategic leadership and guidance on all aspects of case prosecution
13 and settlement. As stated by *The National Law Journal*, Cotchett is considered by plaintiffs and
14 defense attorneys alike to be one of the foremost trial lawyers in the country, having tried more
15 than 100 cases to verdict in jurisdictions across the country during a career that has spanned more
16 than 50 years. He has been named one of the 100 most influential lawyers in the nation for the
17 past 15 years. He is a Fellow of the prestigious American College of Trial Lawyers and The
18 International Society of Barristers and an Advocate in the American Board of Trial Advocates. He
19 also is a Fellow and former board member of The International Academy of Trial Lawyers. He is
20 the author of several books, including *Federal Courtroom Evidence*.

21 10. Mr. Cotchett was named Antitrust Lawyer of the Year in 2011 by the State Bar of
22 California Antitrust and Unfair Competition Section, and I believe has tried more antitrust cases to
23 verdict than any lawyer presently before this Court. He is known nationally as the trial lawyer for
24 23,000 plaintiffs in the *Lincoln Savings & Loan Association/American Continental Corp.* case
25 involving Charles Keating, winning one of the largest jury verdicts in U.S. history, \$3.3 billion.

26 11. His clients range from corporate giants to groups like Consumers Union of United
27 States. As counsel for E. & J. Gallo Winery, he won a defense jury verdict in a celebrated trade
28 dress infringement case involving a wine produced by Gallo. Mr. Cotchett has represented the

1 California Public Employees' Retirement System, California State Teachers' Retirement System,
2 and the University of California Board of Regents, the Chief Justice of California, along with
3 numerous political subdivisions of the state, such as counties, cities and districts. Mr. Cotchett has
4 taken on major corporate entities and Wall Street. He and the firm have been involved in litigation
5 resulting from nearly every major corporate scandal including Wells Fargo, PG&E, Enron,
6 Worldcom, Global Crossing, Homestore.com, Qwest, Montana Power Company, Lehman, Bank
7 of America, Goldman Sachs and numerous others on behalf of private investors and public
8 pensions.

9 12. Pages 14-18 of Exhibit A to this Declaration contain more information on Mr.
10 Cotchett's storied career.

11 **Demetrius X. Lambrinos**

12 13. Demetrius Lambrinos has over ten years of experience in antitrust, complex class
13 actions, qui tam cases and complex commercial litigation.

14 14. Mr. Lambrinos has extensive discovery experience in complex antitrust class
15 actions. Mr. Lambrinos has managed large scale document reviews, as well as meet and confer
16 processes in large complex class actions, which has helped lead to significant recoveries for the
17 class.

18 15. Mr. Lambrinos is a committed member of the Bay Area's nonprofit community.
19 He currently sits on the board of the Bay Area Urban Debate League ("BAUDL"), a nonprofit that
20 mentors underserved Bay Area high school students in the art of debate. As a board member, he
21 has helped raised over \$240,000 from Bay Area law firms to further this mission. He has also
22 spent many hours mentoring students and has been intimately involved with crafting the
23 organization's strategic vision.

24 16. CPM has prosecuted this litigation solely on a contingent-fee basis, and has been at
25 risk that it would not receive any compensation for prosecuting claims against the defendants.
26 While CPM devoted its time and resources to this matter, it has foregone other legal work for
27 which it would have been compensated.

Tracy Lee

17. Ms. Lee is a Korean and Japanese language document reviewer. Ms. Lee received a J.D. from Benjamin N. Cardozo School of Law. She is a document review specialist with a B.A. in Japanese from UCLA. In August of 2015, after working on this case at Lieff Cabraser Heimann & Berntein, Ms. Lee began working for our firm to continue her analysis of foreign language documents produced by Defendants in this case.

Michael Caylao

18. Michael Caylao is a paralegal at the firm who has had day-to-day responsibilities for assisting the attorneys in all aspects of the case, including document collection and review, deposition preparation, coordination with class representatives and their counsel and scheduling.

SUMMARY OF WORK PERFORMED

19. As this Court knows well from the over 1800 docket entries, every aspect of this case has been vigorously contested by some of the most sophisticated defense counsel in the country.

20. Since CPM's appointment as Co-Lead Counsel, CPM and Co-Lead Counsel have actively litigated this case and have supervised the activities of Supporting Counsel. In addition to its supervisory role, CPM has performed the following work:

- Supervised and directed the work performed by Supporting Counsel in an effort to ensure that the work they have performed has been accomplished effectively and efficiently.
- Conducted an initial case investigation to develop the theories of liability and the facts that formed the basis on the allegations against Defendants. This research included a review of publicly available information regarding the lithium ion battery ("LIB") industry, and consultation with industry experts and economists;
- Drafted four comprehensive consolidated amended complaints detailing Defendants' alleged violations of the antitrust laws (ECF Nos. 221, 419, 519, and 1168);
- Conducted exhaustive legal research regarding IPPs' claims and the defenses,

1 particularly with respect to Defendants' multiple rounds of motions to dismiss, and
2 Toshiba's motion for summary judgment based on its alleged withdrawal from the
3 conspiracy. IPPs largely prevailed on each motion (ECF Nos. 361, 512, and 1160);

- 4 • Propounded multiple sets of discovery that—after extensive meet and confers and
5 negotiations with Defendants—resulted in the identification of 273 document
6 custodians and the production of more than eight million documents, and
7 voluminous electronic transactional data. Many of these documents were in
8 Japanese and Korean and had to be translated.
- 9 • Organized and oversaw a team of lawyers that reviewed, searched, and extensively
10 coded and analyzed these foreign language documents;
- 11 • Engaged in extensive non-party discovery, including obtaining access to and
12 reviewing 71 datasets concerning the non-parties' purchases and sales of LIBs and
13 packs and products containing LIBs;
- 14 • Prepared for and acted as first chair at eight depositions of merits witnesses, and
15 one expert witness.
- 16 • Prepared for and argued at multiple hearings, including the motions to dismiss,
17 Toshiba's motion for summary judgment, and IPPs' motion for class certification.
- 18 • Retained expert economists and consultants to analyze and review Defendant and
19 non-party data to assist counsel in their investigation and analysis and to prepare
20 expert reports in support of IPPs' class certification motion. This involved many
21 hours of discussions, research, and analysis.
- 22 • Maintained close communication with the class representatives throughout the
23 litigation and answered six sets of discovery propounded by Defendants, including
24 Requests for Production of Documents, Interrogatories and Requests for Admission,
25 and a contention interrogatory concerning Defendants' concealment of their
26 conspiratorial activities;
- 27 • Assisted the class representatives in preparing for their depositions and in collecting
28 responsive documents. This latter task involved extensive consultation with each

class representative and their individual counsel and electronic document retrieval for document production.

- Engaged and consulted extensively with experts and economists on issues pertaining to electronic discovery, liability, summary judgment, class certification, and damages throughout the course of the litigation;
- Engaged in extensive settlement discussions with the Sony Defendants;
- Prepared for and briefed Oppositions to Defendants Motions to Dismiss and Toshiba's Motion for Summary Judgment;
- Prepared for and filed IPPs' Motion for Class Certification.

21. Throughout this near four-year litigation, Plaintiffs have faced significant risk since its inception. Plaintiffs have faced:

- The risk of litigating against some of the largest and most sophisticated law firms in the world with seemingly limitless resources;
- The risk of not being reimbursed for out of pocket litigation costs, such as those involved with translating documents and retaining experts;
- The risk that the consolidated complaints would not withstand the extensive individual and joint motions to dismiss;
- The risk that Toshiba would prevail on its Motion for Summary Judgment;
- The risk of not achieving class certification;
- The risk that even if Plaintiffs were able to obtain a favorable settlement or judgment, that the financial condition or bankruptcy of a Defendant would materially change or lessen the amount of the settlement;
- The risk that Defendants would, and in fact have, vehemently contested their participation in the alleged conspiracy;
- The risk of trying an antitrust case, which is considered "notoriously complex," (*see Weseley v. Spear, Leeds & Kellogg*, 711 F. Supp. 713, 719 (E.D.N.Y. 1989));
- The risk that the class would not be certified; and
- The changing landscape of the law with respect to civil antitrust actions, proving

1 damages and class actions cases generally.

2 **SUMMARY OF EXHIBITS**

3 22. Attached hereto as **Exhibit B** is a billing summary for CPM's total hours and
 4 lodestar, computed at current billing rates, from June 1, 2013 to February 28, 2017. Class Counsel

 7 period of time was 17,519.20 hours with a corresponding lodestar based on current rates of
 8 \$7,329,438.50. The lodestar amount reflected in **Exhibit B** is for work necessary to prosecute this
 9 case, and was performed by professional staff at my law firm. This summary was prepared from
 10 contemporaneous, daily time records regularly prepared and maintained by CPM.

11 23. Attached hereto as **Exhibit C** is a list of the various billing rates each attorney and
 12 staff member at my firm has billed at in this case. These represent prevailing rates for the types of
 13 services we provide.

14 24. Attached here to as **Exhibit D** is compilation of my firm's detailed records at
 15 historical billings rates. The entries in **Exhibit D** have been redacted per the Court's Order in
 16 ECF No. 1803.

17 25. Attached hereto as **Exhibit E** is a summary of the expenses CPM has incurred
 18 during the court of this litigation. CPM expended a total of \$1,178,101.84 in unreimbursed costs
 19 and expenses in connection with the prosecution of this case. These expenses were incurred on
 20 behalf of IPPs by CPM on a contingent basis and have not been reimbursed. The expenses
 21 reflected in **Exhibit E** were prepared from expense vouchers, receipts, and bank records, and thus
 22 represent an accurate recordation of the expenses incurred.

23 26. I have reviewed the time and expenses reported by CPM in this case which are
 24 included in this declaration, and I affirm that they are true and accurate.

25 I declare under penalty of perjury under the laws of the United States that the foregoing is
 26 true and correct.

Auto Parts Antitrust Litigation **USDC, Eastern District of Michigan**

CPM is co-lead counsel on behalf of consumers against manufacturers of auto parts, alleging that defendants engaged in a conspiracy that lasted over a decade to fix the prices of automotive parts sold to automotive manufacturers such as Toyota, Honda, and Nissan. The case involves one of the largest conspiracies in history.

CPM has heavily litigated and prevailed on many motions filed by Defendants. CPM has been extensively involved in the document review process which entails millions of pages of documents requiring separate databases for each part at issue. CPM has also dedicated a significant amount of time and resources to proffers and mediations which has led to settlements with several Defendants.

To date, CPM and its co-counsel have secured settlements on behalf of the class in excess of \$617 million.

In re Domestic Airline Travel Antitrust Litigation **USDC, District of Columbia**

CPM is Co-Lead Counsel on behalf of Plaintiffs against Defendants American Airlines, Inc., Delta Airlines, Inc., Southwest Airlines Co., and United Airlines, Inc., who are alleged to have conspired to fix, raise, maintain, and/or stabilize prices for air passenger transportation services within the United States, its territories and the District of Columbia in violation of Sections 1 and 3 of the Sherman Antitrust Act (15 U.S.C. §§ 1, 3), by, inter alia, colluding to limit capacity on their respective airlines.

In re Generic Pharmaceuticals Pricing Antitrust Litigation **USDC, Eastern District of Pennsylvania**

CPM is a steering committee member in a case brought by indirect purchasers of generic drugs to recoup overcharges that resulted from Defendants' alleged price-fixing conspiracy. On January 9, 2017, two executives of a manufacturer of generic doxycycline pled guilty in federal court in the Eastern District of Pennsylvania to criminal price-fixing, thereby confirming the existence of a conspiracy among manufacturers to fix prices.

In re Broiler Chicken Antitrust Litigation
USDC, Northern District of Illinois

CPM is Co-Lead Counsel and represents commercial and institutional indirect purchasers who allege Defendants implemented and executed a conspiracy to fix, raise, maintain, and stabilize the price of Broilers by coordinating their output and limiting production with the intent and expected result of increasing prices of Broilers in the United States. In furtherance of their conspiracy, Defendants exchanged detailed, competitively sensitive, and closely-guarded non-public information about prices, capacity, sales volume, and demand, including through third party co-conspirator Agri Stats.

In re EpiPen Auto-Injector Litigation
USDC, Northern District of California

CPM is an Executive Committee member in a case brought by Plaintiffs to recover hundreds of millions of dollars improperly paid as a result of Defendants' alleged creation, maintenance, and concealment of a multi-tiered fraudulent scheme to deceive consumers and artificially restrain competition in connection with the marketing and sale of the EpiPen epinephrine injector.

In re Transpacific Passenger Air Transportation Antitrust Litigation
USDC, Northern District of California

CPM is Co-Lead counsel for a proposed class of purchasers who allege that they paid fuel surcharges illegally charged by Defendants on long-haul passenger flights for transpacific routes. Throughout the course of this heavily litigated case, Plaintiffs filed a comprehensive consolidated amended complaint detailing Defendants' alleged violations. CPM defended and, on the whole, prevailed after extensive rounds of hard-fought motions to dismiss and for summary judgment, with arguments covering such complex regulatory areas as the filed-rate doctrine, the act of state doctrine, the state action doctrine, implied preclusion, federal preemption and the sufficiency of the conspiracy allegations under *Twombly* and *Iqbal*, amongst several other attacks on the pleadings.

To date, CPM and its Co-Counsel have secured settlements with approximately half of the Defendants on behalf of the class, totaling near \$39.5 million.

In re Capacitors Antitrust Litigation
USDC, Northern District of California

CPM is Lead Counsel and represents indirect purchasers of capacitors against Defendants, the leading manufacturers of capacitors sold in the United States, for allegedly engaging in two massive and separate conspiracies to unlawfully inflate, fix, raise, maintain or artificially stabilize the prices of electrolytic and film capacitors, respectively.

CPM has extensively engaged in discovery, propounding and responding to numerous written discovery requests. CPM has also developed and implemented intricate document review procedures for purposes of defeating motions to dismiss and contesting summary judgment motions on limited time.

To date, CPM has secured settlements with a few Defendants on behalf of the class, totaling near \$15 million.

In re Resistors Antitrust Litigation
USDC, Northern District of California

The Court appointed CPM as sole Lead Counsel on behalf of a class of indirect purchaser plaintiffs of resistors purchased from defendants who allegedly conspired to unlawfully inflate, fix, raise, maintain or artificially stabilize prices.

Settlements amounting to \$139,450,000 have been reached in the case.

In re Optical Disk Drive (ODD) Antitrust Litigation
USDC, Northern District of California

CPM is a member of the executive committee in this multidistrict litigation alleging a conspiracy that manufacturers of optical disk drives (“ODD”) fixed prices of ODDs sold directly to Plaintiffs in the United States.

Plaintiffs reached \$74,750,000 in settlements.

In re Static Random Access Memory (SRAM) Antitrust Litigation
USDC, Northern District of California

The Court appointed CPM as sole Lead Counsel for direct purchaser plaintiffs of Static Random Access Memory (“SRAM”) chips. Important legal rulings were reached on cutting edge issues such as standing of class representatives and the proper showing for class certification. (Settled, 2011).

CPM successfully secured a \$77 million settlement on behalf of plaintiffs.

In re Dynamic Random Access Memory (DRAM) Antitrust Litigation
USDC, Northern District of California

CPM served as chair of the Discovery Committee in a multidistrict litigation arising from the alleged price-fixing of DRAM, a form of computer memory. Shortly before the scheduled trial, class counsel reached settlements with the last remaining defendants, bringing the total value of the *class settlements to over \$325 million*.

In re Parking Heaters Antitrust Litigation
USDC, Eastern District of New York

CPM serves as Liaison Counsel for indirect purchaser plaintiffs who purchased air and coolant parking heaters aftermarket for commercial vehicles from Defendants.

Freight Forwarders Antitrust Litigation
USDC, Eastern District of New York

CPM is Co-Lead Counsel for purchasers of Freight Forwarding services in the United States and filed a complaint alleging that the major providers of Freight Forwarding conspired to fix the prices of such services in violation of U.S. federal antitrust law (15 U.S.C. § 1).

CPM was instrumental in securing approximately \$290 million in settlements with defendants for the benefit of the class.

During the course of the litigation, CPM with co-lead counsel, supervised class counsel, while zealously working to litigate complex international claims before any government indictments or guilty pleas or assistance from an amnesty applicant. CPM was instrumental in developing a consolidated class action complaint and defeating motions to dismiss. CPM, with co-lead counsel, reviewed millions of pages of documents and conducted numerous interviews of current and former employees of Settling Defendants. CPM also prepared for and took the depositions of several Defendants both domestically and internationally.

CPM played a critical role in responding to initial objections to the class settlement, through investigating legal issues raised by objectors and briefed a response that was filed by the Court, who agreed with our position and rejected the objections. CPM also established a mediation protocol which led to several settlements.

In re International Air Transportation Surcharge Antitrust Litigation

CPM was lead counsel representing a proposed class of persons or entities in the United States who ordered Webkinz from Ganz Inc. on the condition that they also order products from Ganz's "core line" of products. The complaint alleged that Ganz conditioned the purchase of its popular Webkinz plush line toy with a minimum \$1,000 purchase of non-Webkinz "core" line products in violation of federal antitrust laws. On September 17, 2012, Hon. Richard Seeborg of the Northern District of California approved a class action settlement on behalf of a class of small business retailers against Ganz Inc. for alleged antitrust violations where customers were required to purchase unwanted products as a condition to purchasing Ganz's popular Webkinz Toy. Municipal Derivative Investment Antitrust Litigation

USDC, Southern District of New York

Along with co-counsel, CPM represents Los Angeles and numerous public entities who purchased Guaranteed Investment Contracts ("GICs") and other derivative investments. As stated by the National Law Journal, Joseph W. Cotchett is considered by plaintiffs and defense attorneys alike to be one of the foremost trial lawyers in the country. He has been named one of the 100 most influential lawyers in the nation for the past 15 years.

As reported in the *San Francisco / Los Angeles Daily Journal*, he is “considered one of the best trial strategists in the state” who built a career out of representing the underdog against powerful interests. He is a fearless litigator and once tried two cases at the same time (one in the morning and one in the afternoon) and won them both in San Diego Superior Court in 1984. His clients range from corporate giants to groups like Consumers Union of United States, Inc. In 2003, the *San Francisco Chronicle* said “[t]he Burlingame attorney has had a star career that’s not only talked about in legal circles but has made headlines around the country. Known mostly as a plaintiffs’ lawyer, many of his cases are filed on behalf of fraud victims, and have

a widows-and-orphan flavor to them.” Cotchett consistently has been named one of the most influential lawyers in California, and has been named by the legal press as one of the top 10 trial attorneys in the state and has been listed in every edition of Best Lawyers in America since its inception.

During his 45-plus year legal career, he has tried more than 100 cases to verdict, and settled hundreds more, winning numerous jury verdicts, ranging from multi-million dollar malicious prosecution jury verdicts to several defense verdicts in complex civil cases. He successfully negotiated a multi-million dollar settlement in a qui tam suit on behalf of the University of California and hundreds of millions of dollars in antitrust, securities and major fraud cases.

In the 1980s, Cotchett won mammoth judgments and settlements for investors in white-collar fraud cases, with jury verdicts of more than \$200 million arising out of the collapse of the Technical Equities Corp. in San Jose. He is known nationally as the lead trial lawyer for 23,000 plaintiffs in the Lincoln Savings & Loan Association/American Continental Corp. downfall in 1990 involving Charles Keating and others. He won one of the then largest jury verdicts, \$3.3 billion. He obtained nearly \$300 million in settlements from lawyers, accountants and other professionals caught up in the scandal in a jury trial in Tucson, Arizona.

He has represented both the National Football League and teams since the early 1980s in various legal actions. As counsel for E. & J. Gallo Winery, he won a defense jury verdict in a celebrated trade dress infringement case involving a wine produced by Gallo and the firm regularly represents Gallo in numerous matters.

In recent years, Cotchett has taken on major corporate entities and Wall Street. He and the firm were involved in litigation resulting from nearly every major corporate scandal including Enron, Worldcom, Global Crossing, Homestore.com, Qwest, Montana Power Company, Lehman, Bank of America, Goldman Sachs, Lehman Brothers and numerous others on behalf of private investors and public pensions. The firm has represented the California Public Employees’ Retirement System, California State Teachers’ Retirement System, and the University Of California Board Of Regents, along with numerous political subdivisions of the state, such as counties, cities and districts.

In 2000, he served as trial counsel for Consumers Union, successfully defending the watchdog consumer group in a product disparagement and defamation suit. Isuzu Motors of Japan had sued Consumers Union for disparagement of the 1995-96 Trooper, claiming millions in damages. Following an eight-week trial, a jury ruled in favor of Consumers Union. Trial Lawyers for Public Justice honored Cotchett as “Trial Lawyer of the Year Finalist” in 2000 in honor of his “outstanding contribution to the public interest” through his work for Consumers Union. Also in 2000, Consumer Attorneys of California gave Cotchett its “Presidential Award of Merit”

In 2002, Cotchett successfully represented the Chief Justice of the California Supreme Court and the individual judges and members of the Judicial Council, in litigation brought against them by the New York Stock Exchange and the National Association of Securities Dealers. The two Wall Street forces had filed suit against the Judicial Council challenging the State of California for establishing guidelines for arbitrators who hear complaints from investors in the state.

Cotchett received his B.S. in Engineering from California State Polytechnic University, San Luis Obispo in June 1960, being named an Outstanding Graduate, and his J.D. from Hastings College of Law at the University of California in June 1964. In 2000, the University of California Hastings College of Law opened the Cotchett Center for Advocacy recognizing Cotchett as one of its outstanding graduates. Chief Justice Ronald M. George of the California Supreme Court and Associate Justice Anthony Kennedy of the U.S. Supreme Court honored Cotchett as speakers at the Founder's Day dedication of the center. In November of 2006, Notre Dame de Namur University in Belmont, California dedicated the Joseph W. Cotchett Business Lab for students.

In March of 2000, Cotchett was named to the California State Parks Commission by Governor Gray Davis. The commission establishes general policies for the guidance of the Parks

Department in the administration, protection and development of the 260 state parks in the system. He served as Chairperson in 2002-2003.

In 2003, Cotchett was honored by Disability Rights Advocates for his nearly 40 years of civil rights work. At a San Francisco dinner in October attended by lawyers, judges and community leaders, this was how Cotchett was described:

Joe Cotchett has been a champion for justice since his college days. As an engineering student in North Carolina, Joe challenged segregation by drinking from segregated water fountains and riding in the back of buses. Later, as a student at Cal Poly, in 1958 Joe successfully established the first integrated fraternity, which prompted the other fraternities on campus to follow suit. Joe's legal career has involved representing the underdog and doing extensive pro bono work. His civil rights commitment has been leveraged over and over by his financial support of legal fellowships. He has given a 'kick-start' to the public interest careers of the new law graduates at Trial Lawyers for Public Justice, Public Citizen, Southern Poverty Law Center and Disability Rights Advocates. Through these fellowships, Joe has helped to ensure social change through law. Joe guided DRA as a board and litigation committee member from its infancy years into the defender of disability rights it has become today.

In 2004, continuing a distinguished history of community and civic involvement, Cotchett endowed a \$7 million fund to support science and mathematics teacher education at California State Polytechnic University to serve inner city and rural minority children. To honor Cotchett, the university renamed its landmark Clock Tower building the "Cotchett Education Building." The gift supports science and mathematics teacher education initiatives at Cal Poly through the University Center of Teacher Education and the College of Science and Mathematics.

In 2011, Cotchett was inducted into the prestigious American Trial Lawyer Hall of Fame for his work nationwide in civil rights, and litigation on behalf of the under-privileged in our society.
